Rainbow Breathing

Breathing exercises are BRILLIANT for helping us to feel calm and settled.

Put your finger on the red colour.
Take a long, slow breath through your nose and slowly trace the colour to the top of the rainbow.
As your finger moves down breathe out slowly through your mouth.
Repeat for the other colours.

Decorate this **worry monster** and
cut it out.

When you have feelings, worries,
good news or bad news to share.

Whisper them and imagine what
advise they would give you?

My Circle of Support

You might feel lonely being off school.

Think about who is in your circle – friends, family and other people that care about you.

Clap for the Carers

You might have clapped on your step to thank the NHS for helping everyone.

Who else can you think of that is caring, kind and helpful?

Write down all of the things
that you have been thinking about.

Circle the ones that make you feel happy.

Draw the Emotions!

Can you draw a happy, sad, angry and scared face?

Fingerprint Rainbow

Create a colourful rainbow of your fingerprints!

Dump your worries!

Fill the bin with the thoughts you'd like to get rid of.

When they are all out – rip it up, scrumple it,
stamp on it and throw them away!

The people that I miss!

It's hard to be separated from our friends and family.
Decorate and name the people you wish you could see.
